

Support Measures from EaPTC

**EASTERN PARTNERSHIP TERRITORIAL
COOPERATION PROGRAMME ARMENIA-
GEORGIA**

Dilijan 22-25 September 2015

What Support?

We already congratulated you on your awarded projects, and we are looking forward to one more year of collaboration. Yes you heard right, EaPTC Support Programme will still be around to support you during the implementation of your project. How?

1 - Coaching

- In the period enclosed between now and November 2016, we plan to come and visit your projects on the field. Maximum three visits. The purpose is to provide you with tailored support and coaching because you and us are a team, and all are interested in the successful outcome of the project.

1 Yes Coaching

The purpose of our visits to your projects is to have a better understanding and experience of your project. We are not going to monitor your project, checking administrative and legal requirements, we are going to sit with you, talk about what issues your project is facing, and help finding solutions.

2. Training and Seminar

On top of the 3 visits, in the same year we foresee the implementation of maximum three trainings/seminars, to help you gain what skills, knowledge and attitudes you believe you still lack for implementing your project, and also a platform for exchanging experiences between you.

2. Training and Seminar (How?)

We will use two methods in order to come up with the best strategy. But we need your help.

1. At the end of this session you will be handed a questionnaire, please fill with as much information as possible. We will need it to assess your capacity

2. Training and Seminar (How?)

And then...

2. Between Thursday 24th September and Friday 25th September we would like to meet with your project partnership and have a talk on how to best tailor our support to you.
